

## Operating Room Specialist (M/F)

---

## PRESENTATION

? Career opportunity: Become our next Operating Room Specialist! ?

You are passionate about the medical field and looking for a challenging position in an innovative company specializing in medical devices? Look no further! We have the perfect job for you.

As an Operating Room Specialist, you will be at the heart of our growth strategy, leveraging your passion for healthcare, ambition, and customer orientation. You will also be a driving force for teamwork, promoting collaboration to achieve our common goals.

What we offer:

- A dynamic, rapidly growing company offering numerous opportunities for professional development.
- A collaborative work environment where every voice matters and innovation is encouraged.
- Challenging tasks that will allow you to push your limits and achieve your goals.
- A competitive salary, attractive benefits, and a respected work-life balance.

We are looking for a:

**Operating Room Specialist (M/F)**

**( CDI)**

**Sector: National territory**

## JOB DESCRIPTION

Reporting to the Sales Department, you will work closely with healthcare professionals to promote the sale of our products and ensure their optimal use by training them on our products and supporting them during product trials and workshops. You will develop your client and prospect portfolio across the entire national territory, ensuring their satisfaction with the product quality and the support provided. Your main tasks will include:

1. Training operating room staff on our products:
  - Train the medical teams in the operating room.
  - Lead workshops on anastomoses and mechanical stapling (cardiovascular sutures, clips & VTO, staplers...)

- Provide genuine technical expertise to our clients by assisting them in the operating room, advising them on our product ranges, training them, and promoting our products and surgical procedures.
  - Manage the stock and inventory in the operating room.
2. Implement product trials with healthcare professionals in the operating room:
- Support product trials in the operating room (sutures, polymer clips, adhesive, mechanical stapling, etc.).
  - Respond to clients' needs/questions and ensure their satisfaction.

## SKILLS

- Passionate about the healthcare field and eager to contribute to its improvement.
- Ambitious with a strong sense of initiative and a desire to succeed.
- Customer-focused and capable of understanding and responding to their needs.
- An excellent communicator.

## YOUR PROFILE

- **Experience:**  
Knowledge of the operating room environment, surgery, and the decision-making processes in both public and private healthcare facilities would be appreciated.
- **Education:**  
Graduates of a higher commercial or medical training (nurse/operating room nurse – IBODE).
- **IT Skills:**  
Proficiency in Microsoft Office Suite.
- **Additional Information:**  
Email: [candidature@peters-surgical.com](mailto:candidature@peters-surgical.com) | Peters Surgical – 1 Cours de l'Ile Seguin 92100 BOULOGNE-BILLANCOURT.
- If you are ready to take on this exciting challenge, to be part of a passionate team, and to put your passion and skills to work for our mission, send us your CV now!
- You are based in Île-de-France and work across the entire national territory.
